

July 28, 2015

We the undersigned citizens of Halifax VT strongly urge the Board to approve all permits for the Denison Quarry.

The Denison family and Jerry Pratt of Ashfield Stone have gone the extra mile and to great expense to abide by the guidelines of Act 250 and to answer any questions of the board and any concerned property owners of Halifax.

We believe that the new quarry will create good jobs and much needed tax revenues; therefore being of great benefit to the town and state of Vermont. The quarry will also produce a beautiful product of Vermont that we can all be proud of.
