Open letter to the public:

The Whitingham Selectboard with the Parks Committee would like to address concerns about a recent event at Town Hill Commons.

The Park has been and continues to be open to the public with free access, no permit required. Large events are on a first come-first served basis, but no event ever should take full control of the park. The boards were dismayed that the recent event holders prevented others from using the park or even parking in the area. They did not have any sort of permission or authority to block the public road.

We are thankful that the park and its facilities were not damaged, and everything was very clean the following day except the rubber on the road.

The two boards would like to express condolences to the family but in no way condone the recent activity that disturbed the neighbors for more than five hours. Town Hill Common is a community treasure. ALL USERS should respect the property and its facilities, the Veterans Memorial, the neighbors and other users.

Sincerely,

The Whitingham Selectboard
The Whitingham Parks Committee
